

Job Fair

Mozaik Event Center

13 - 14 May

2020

About

In a world where careers often feel like a series of tasks, Job Fair invites you to rediscover **what truly drives you** - purpose. This year's theme goes beyond job titles and roles, focusing on the deeper "**why**" behind the work we do. Explore how your company aligns its mission with real-world **impact**, and showcase opportunities that resonate not just with employers' skills, but with their **values**.

At Job Fair 2026, it's not just about offering a career, it's about offering a purpose.

Find your PURPOSE at the 19th Job Fair!

It's an opportunity to inspire and be inspired. During two days of unparalleled networking and collaboration with industry experts and potential future talents, present your company in **more than one way**!

Welcoming Booths, meaningful Talks, valuable Workshops, inspiring Panels, and the highly anticipated Loosen Up Party with the King of Cocktails are going to make these two days an **unforgettable time**.

Join us at Job Fair - the biggest regional career festival!

Floor Plan

Participation Packages

STARTUP BOOTH

1.024,00 €

- companies up to 20 employees and not older than 3 years
- booth dimensions 1.5×1 m
- up to 3 company representatives
- enables increased company visibility

FAST-GROWING BOOTH

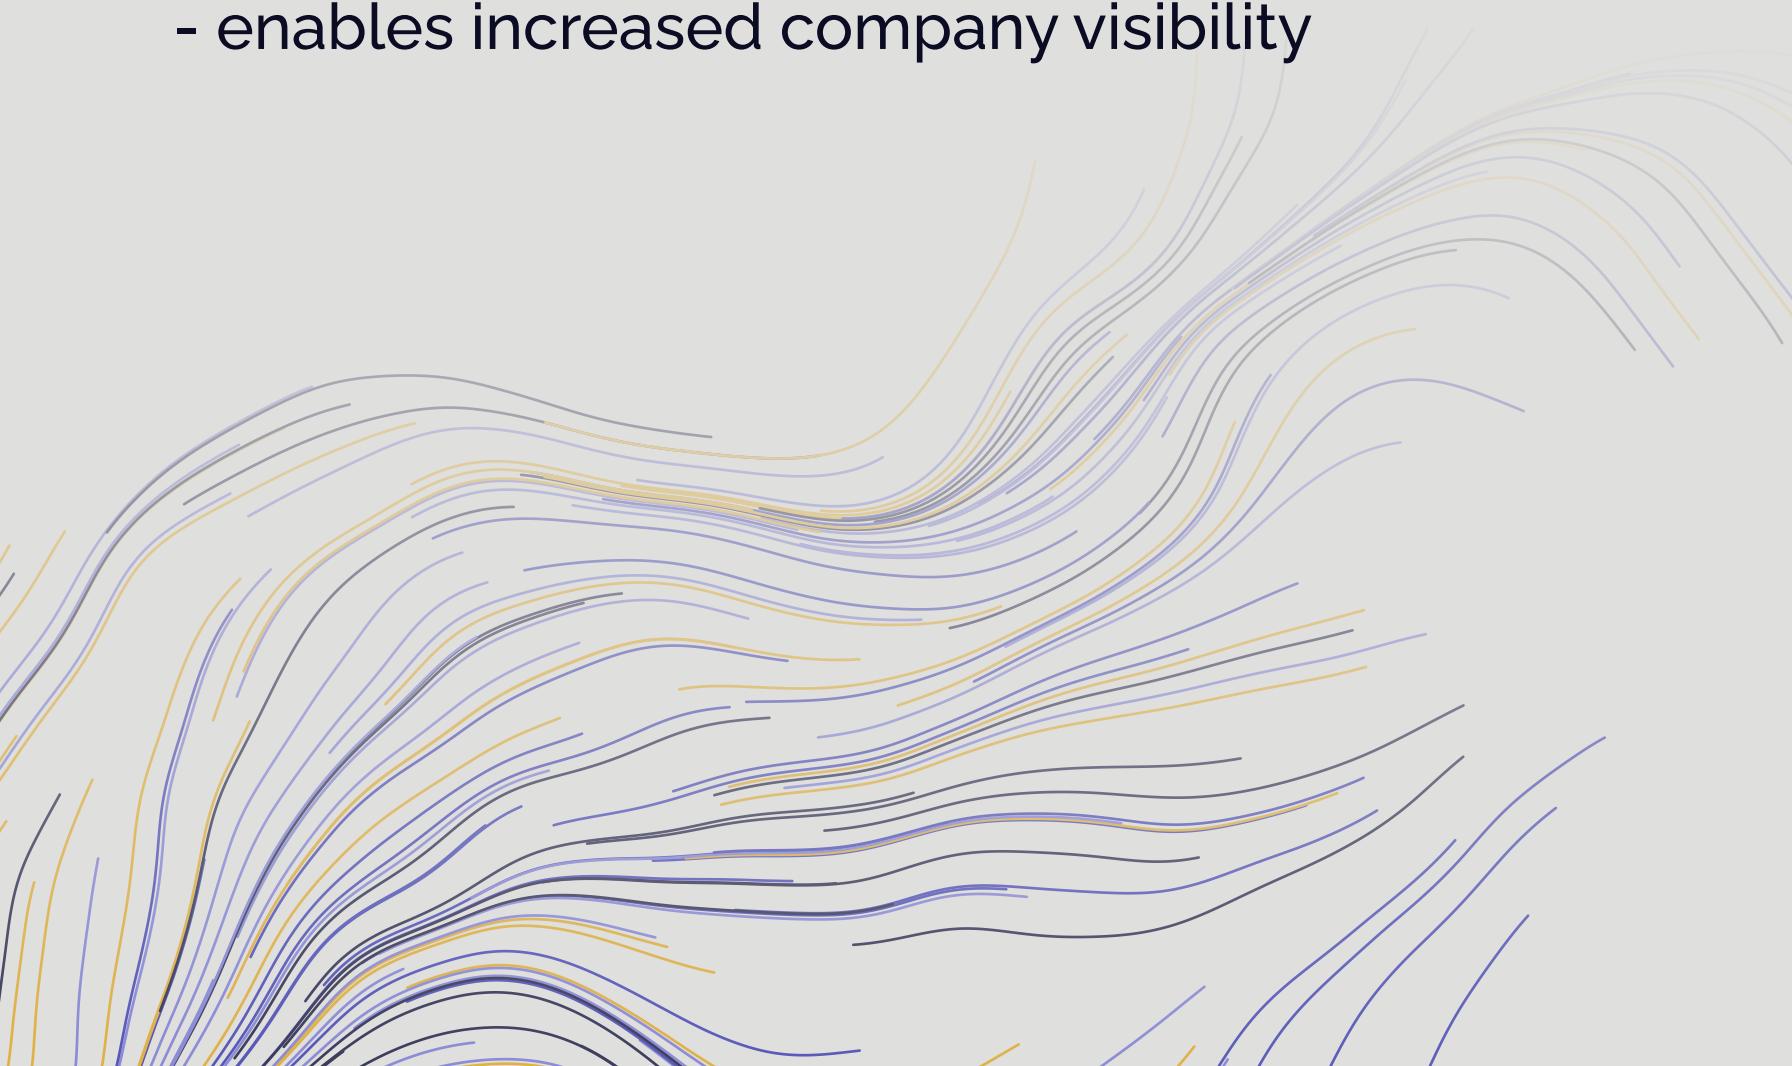

1.375,00 €

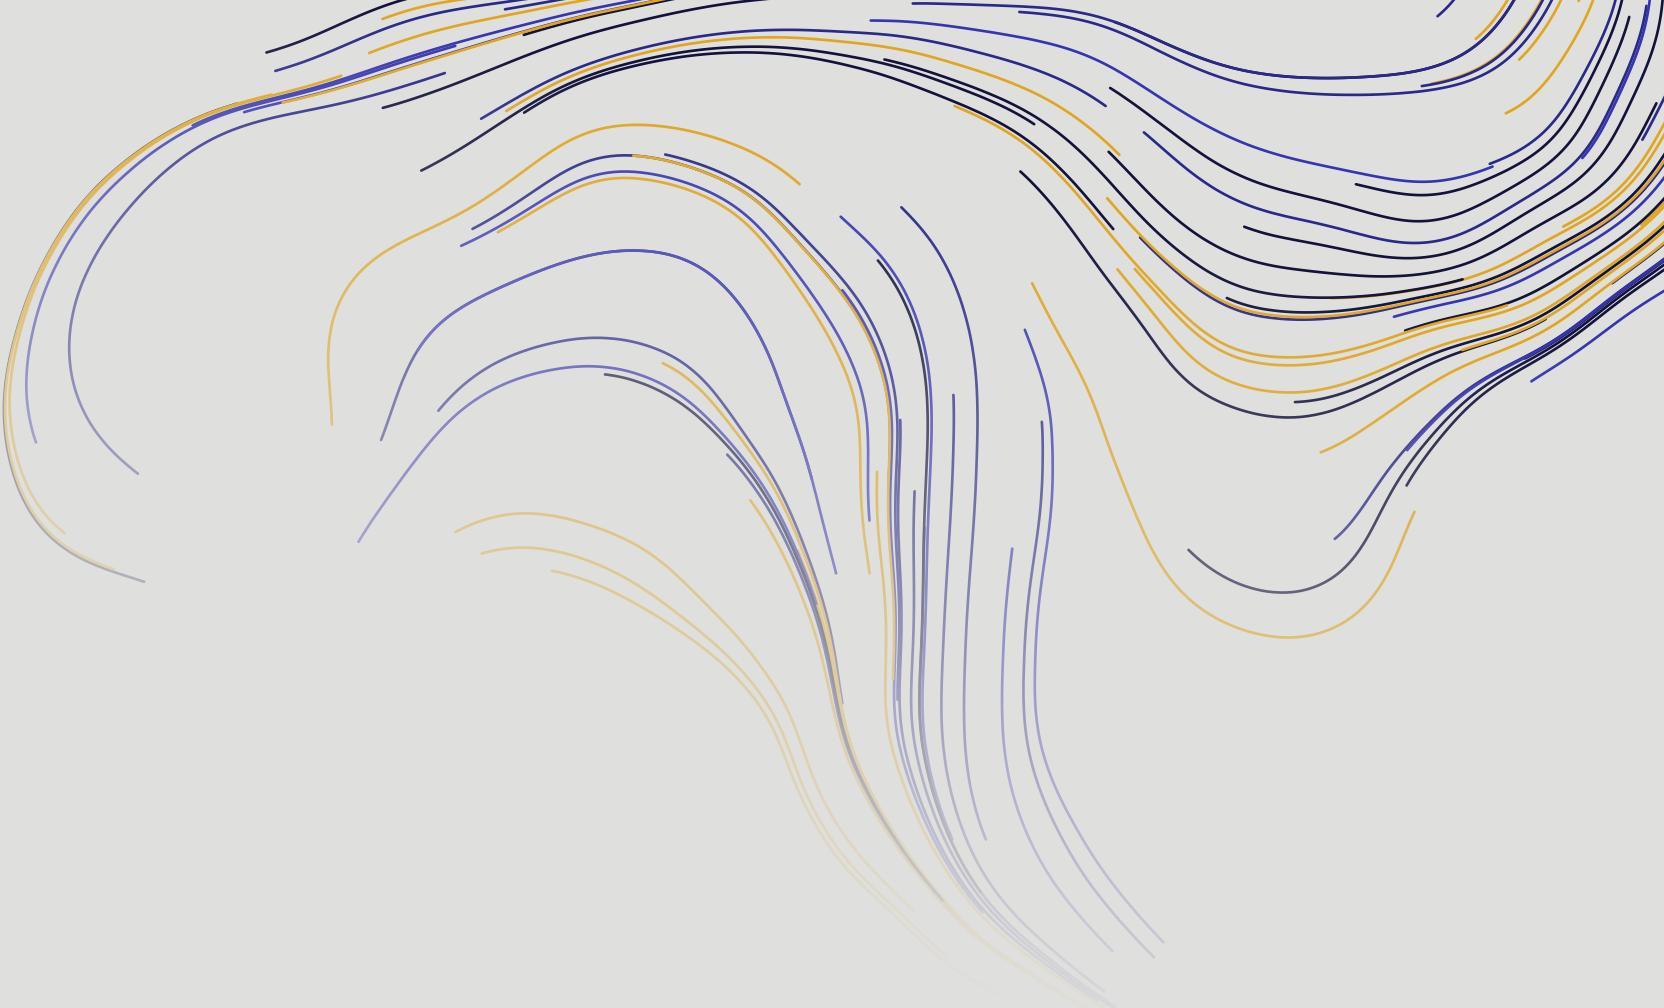

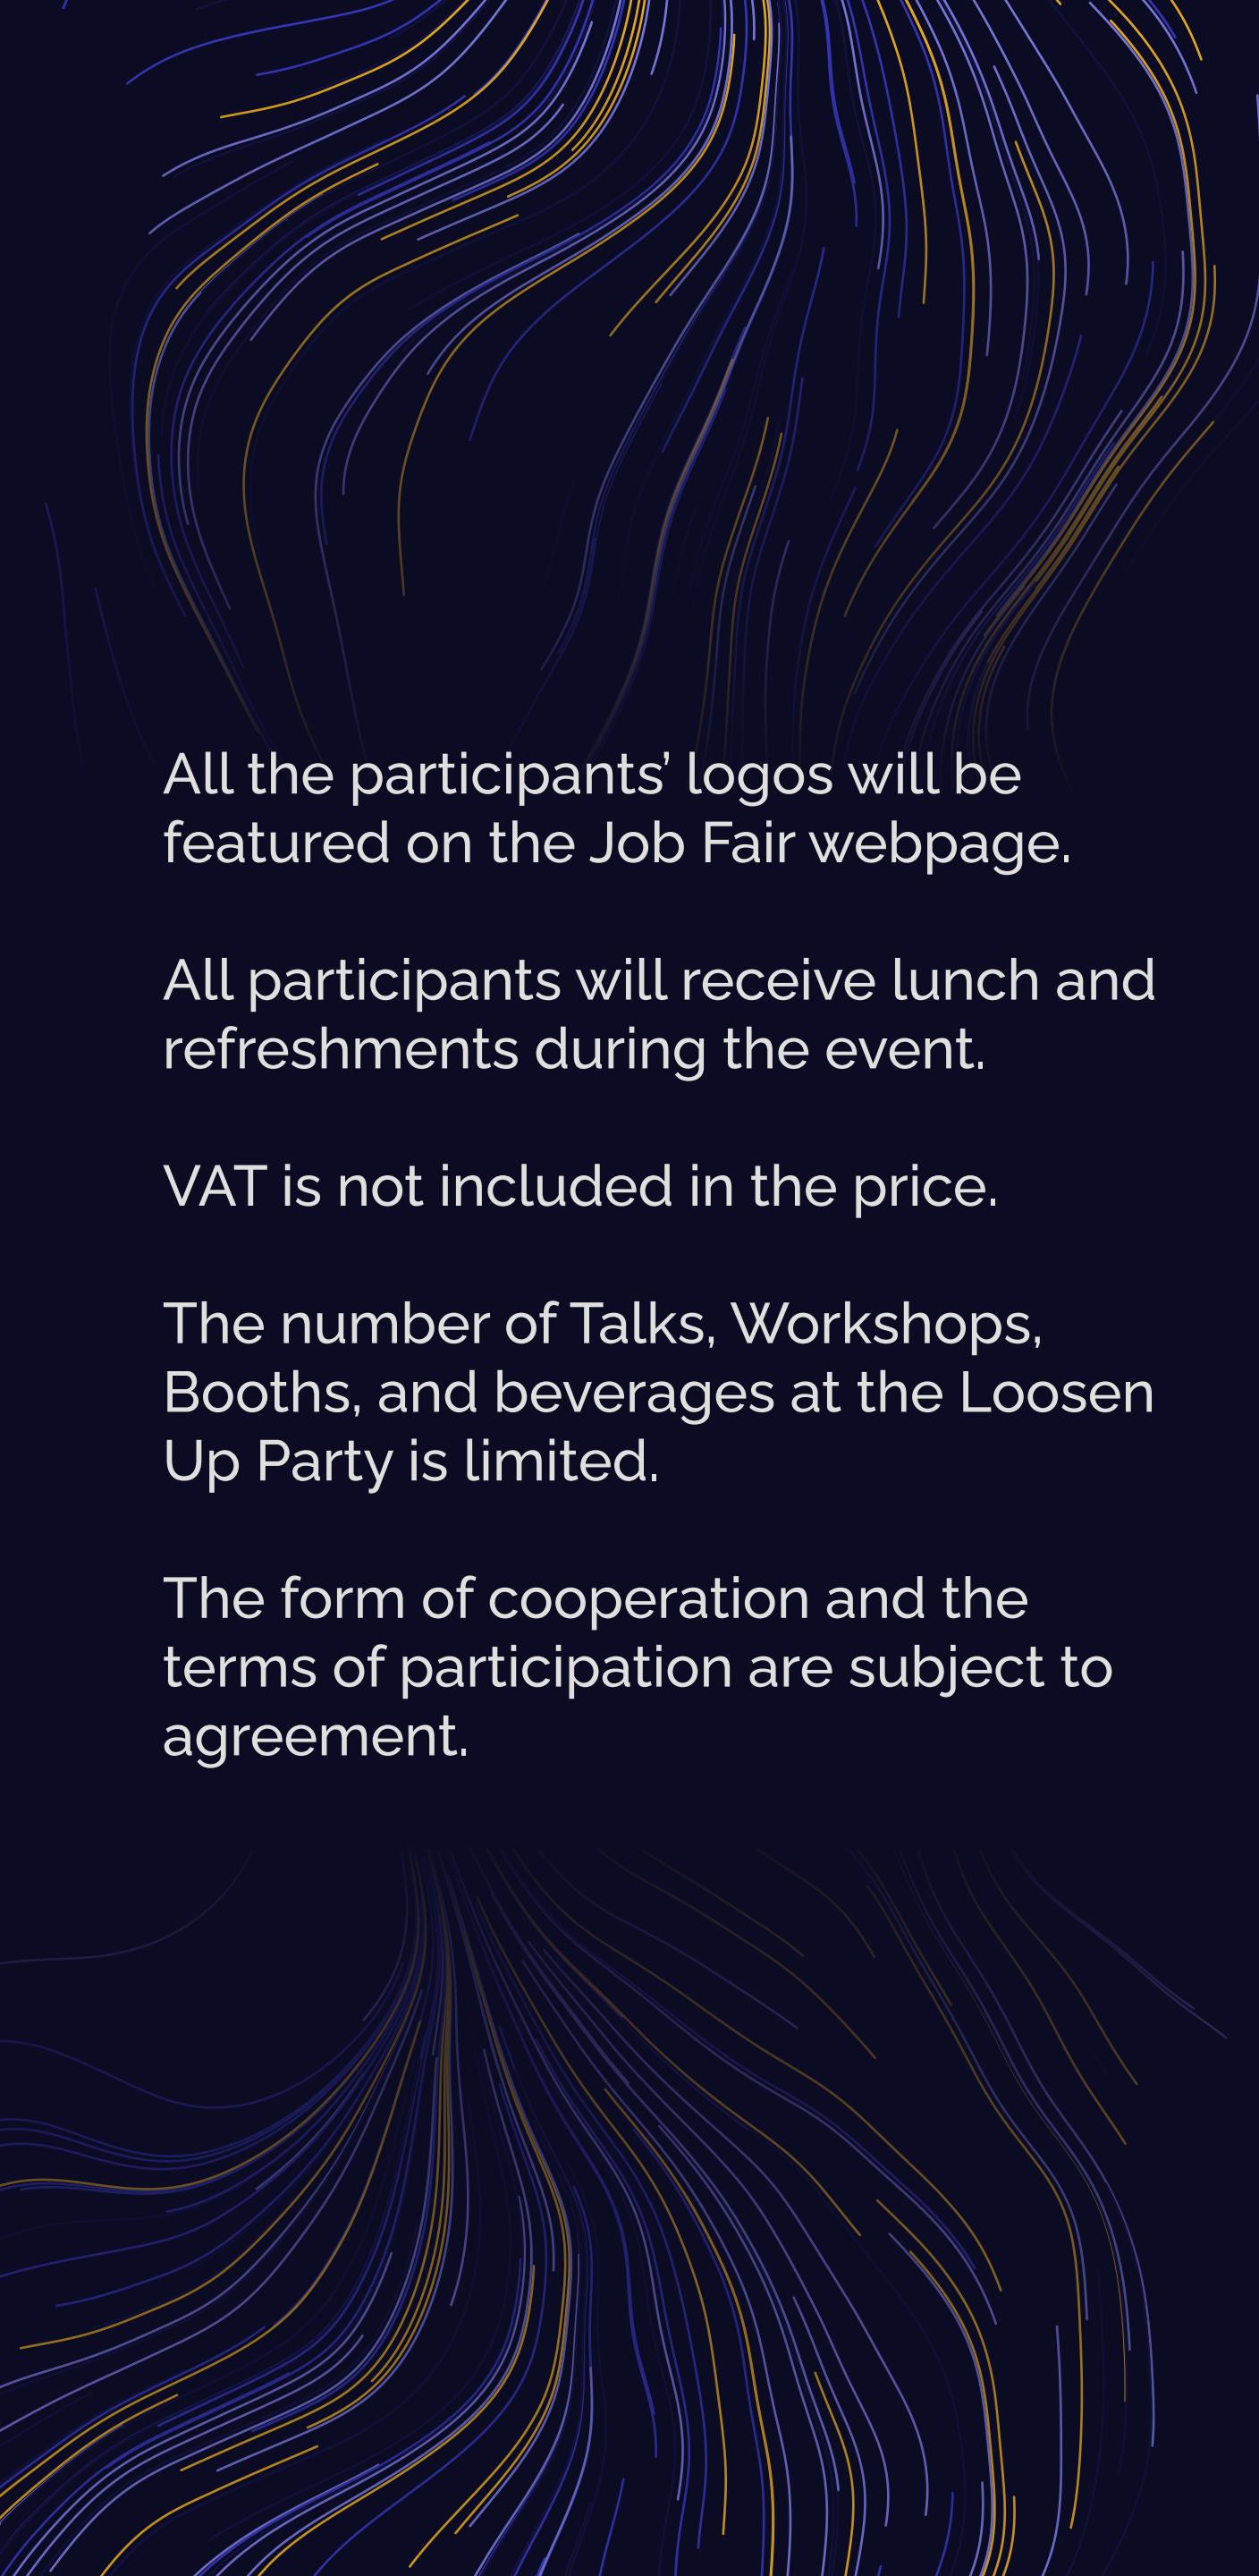

- medium-sized companies ready to rock the world
- booth dimensions 2×1.5 m
- up to 5 company representatives
- use it for employer branding and communication with students

LEADING BOOTH

1.756,00 €

- for leading companies dominating their industries
- booth dimensions 3×1.5 m
- up to 7 company representatives
- large space enables personalization, insight into your company's culture and direct interaction with students

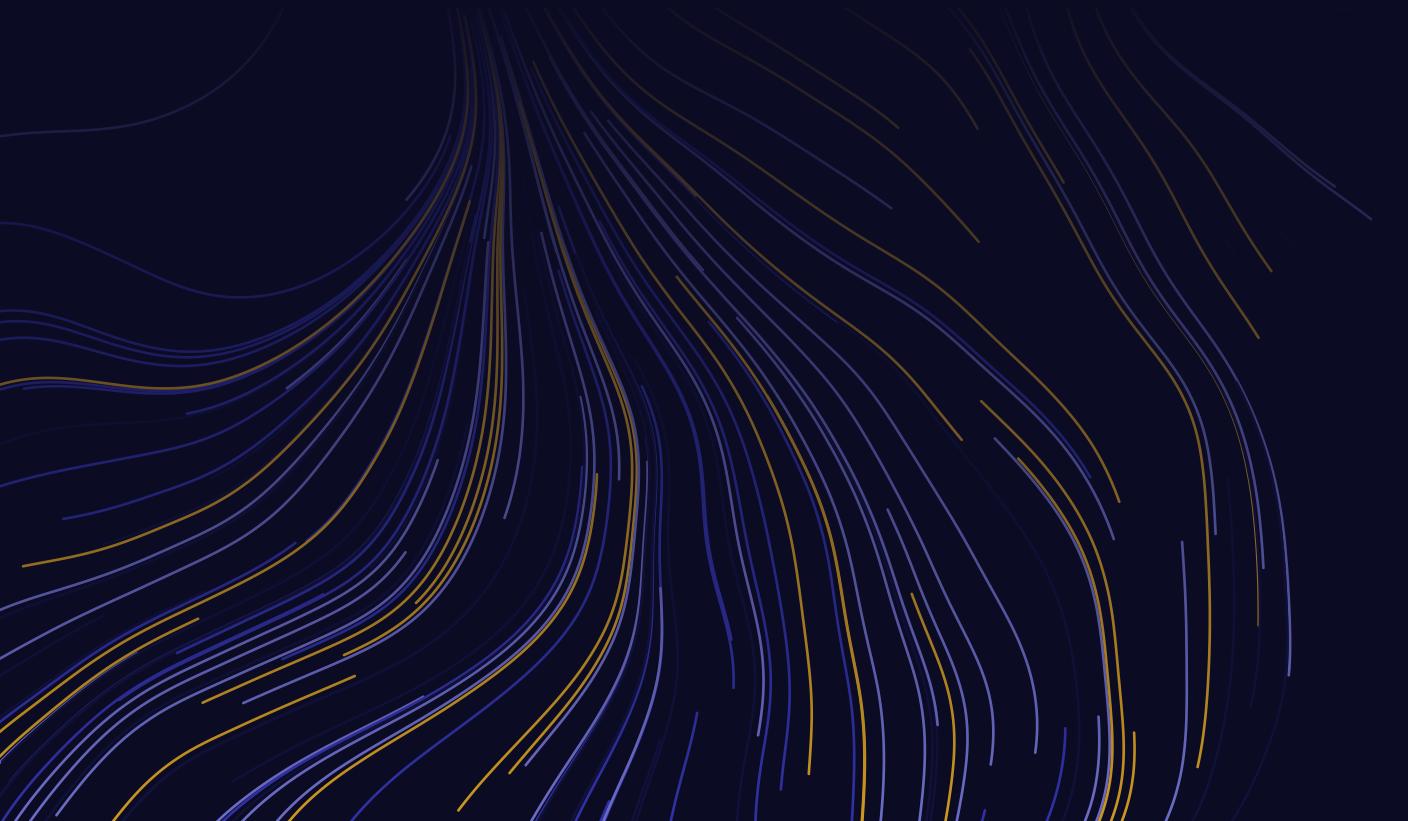

All the participants' logos will be featured on the Job Fair webpage.

All participants will receive lunch and refreshments during the event.

VAT is not included in the price.

The number of Talks, Workshops, Booths, and beverages at the Loosen Up Party is limited.

The form of cooperation and the terms of participation are subject to agreement.

GENERAL PARTNER

5.345,00 €

Showcase your brand fully at Job Fair with the **Superior Booth***, Talk, and King of Cocktails in this ultimate 'everything you need' package. Interested in being our General Partner? Contact us directly at jobfair@fer.hr!

*SUPERIOR BOOTH

- booth dimensions 4 x 1.5 m
- up to 10 company representatives
- the biggest booth at Job Fair places you in the center of everyone's attention
- company branding during Talk breaks (logo on the screen)
- company branding on live stream (logo on the screen)

TALK

641,00 €

Engage the audience with a 20-minute stage presence, sharing your passion. Every Talk will be live-streamed on our Job Fair YouTube page, providing a parallel audience – both offline and online.

FUSION

732,00 €

Bring an interactive simulation of a product or real-life situation from your industry to the stage with Fusion! Give participants a hands-on insight into your everyday work. The 40-minute format includes a 20-minute Talk, a 15-minute simulation, and 5-minute Q&A.

WORKSHOP

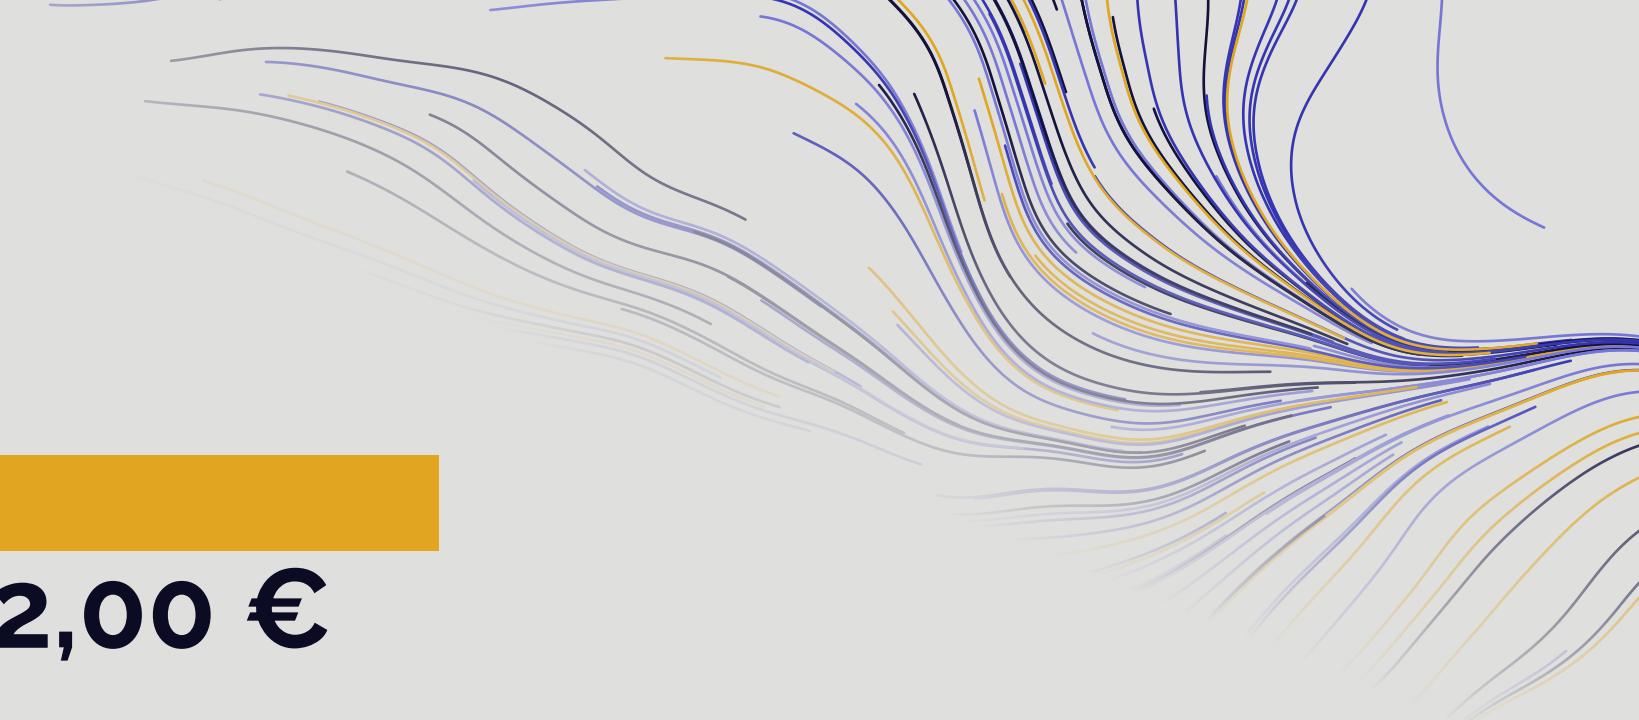

823,00 €

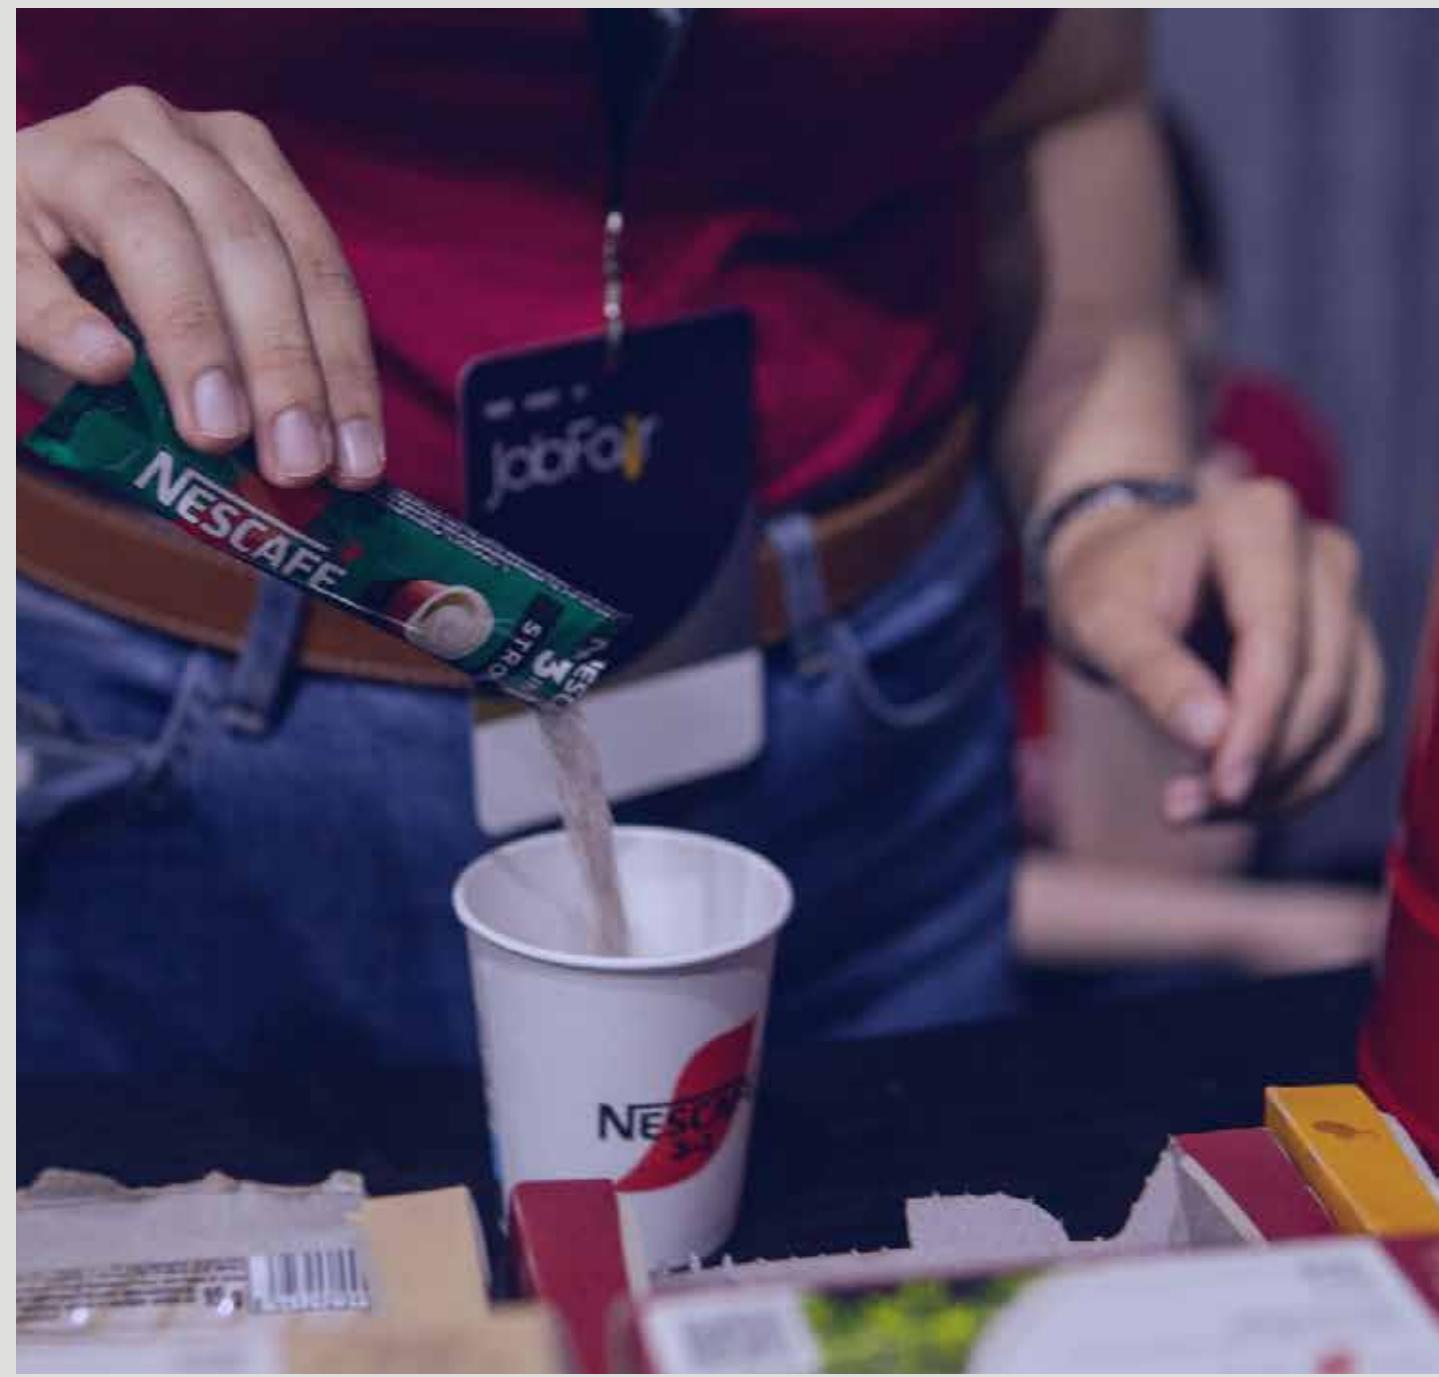

Forge a direct connection with eager learners during a 90-minute Workshop, guiding them through the nuances of your favourite topic. Share solutions to a simple problem or create a challenge for participants with simple rewards.

KING OF COCKTAILS

446,00 €

Brand your company with 100 custom-named 0.2L drinks at the Loosen Up Party* and make your company the most wanted drink on the menu. King of Cocktails can only be selected in addition to Talk, Fusion, Workshop or Booth, giving you a priority for participating in fun activities at the Loosen Up Party.

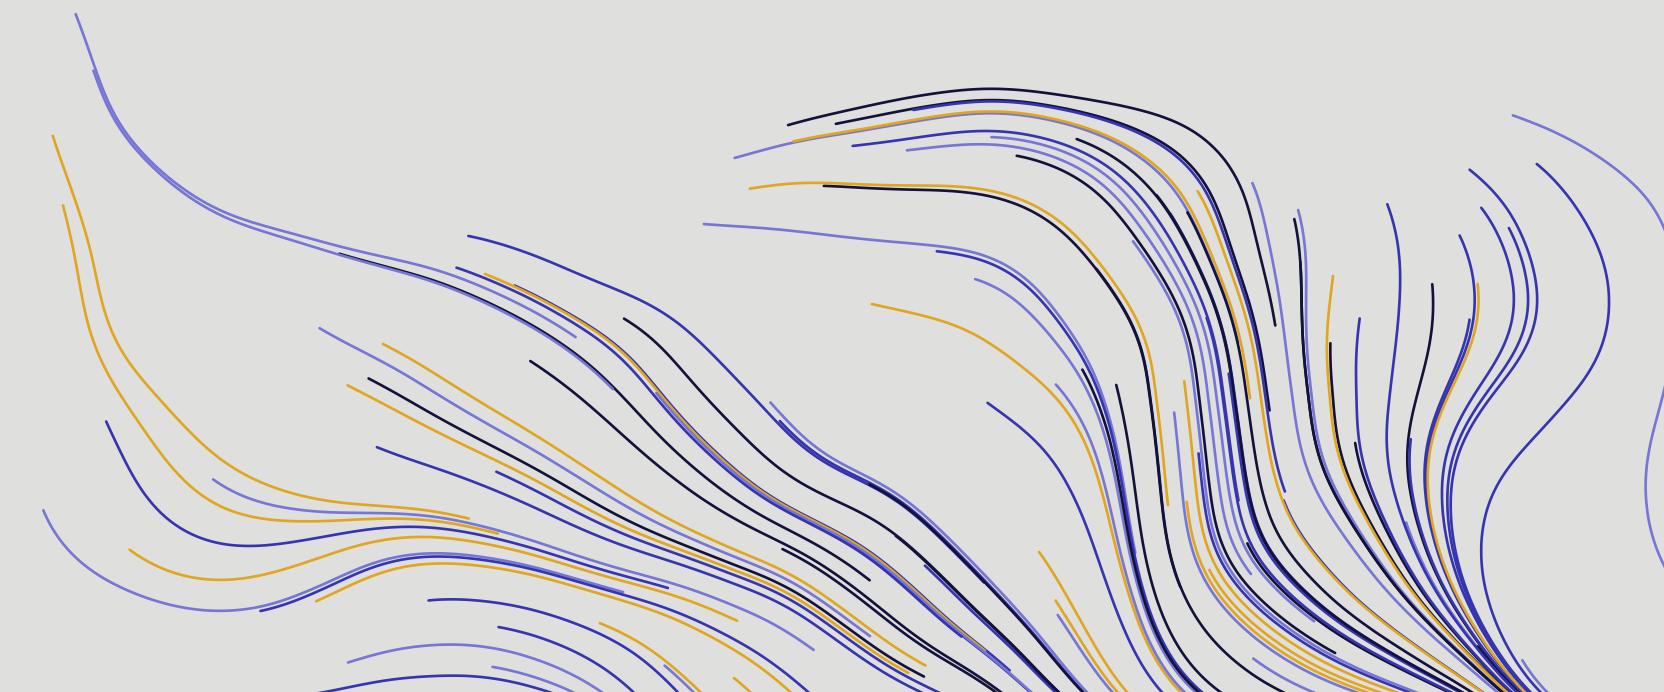

Unwind

3 for 2 extra!

Companies that pick two participation packages will get an extra present that's exclusive only for those company representatives at Job Fair.

This year it will be the Unwind HQ!

Imagine a pop-in relax room you can use to finish an online meeting, reset your batteries, grab a snack, or drink coffee in a peaceful place. Use the HQ to connect with fellow colleagues and gather ideas, information, or experience valuable for your next recruitment campaign after Job Fair.

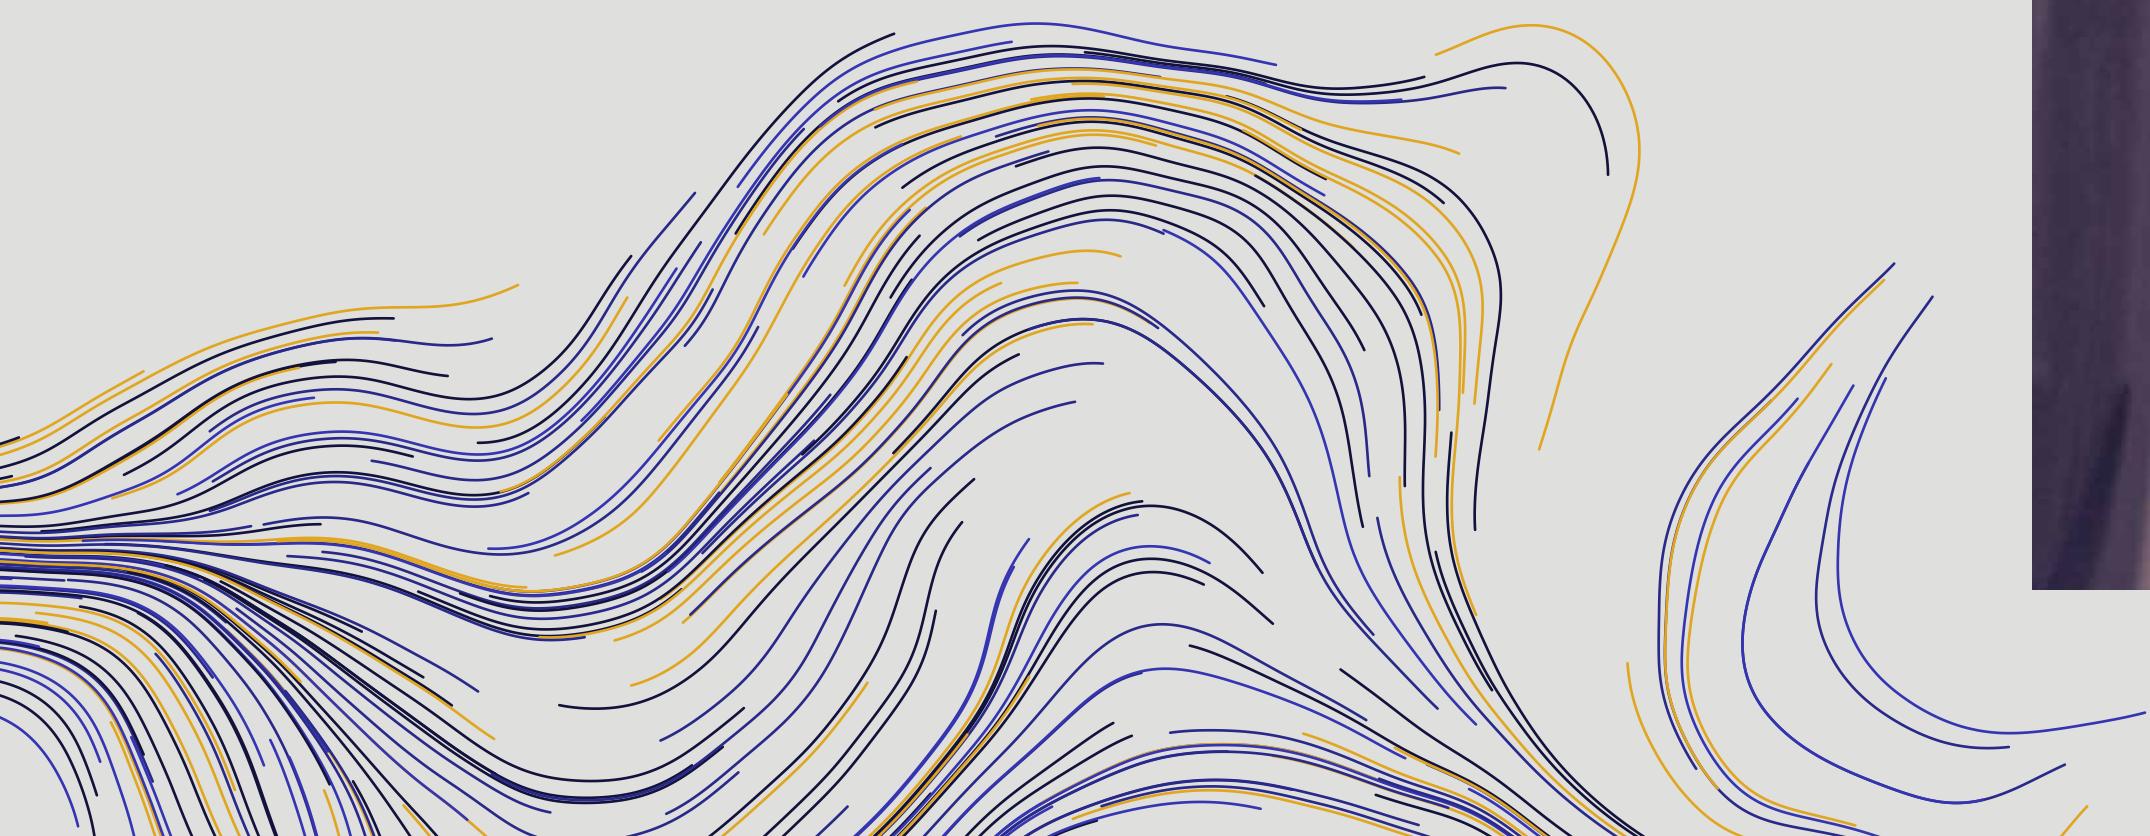

Talk Categories

Companies that pick the participation package for Talk or Fusion can apply to host a topic of their choice in one of three categories for this year's festival.

Meaningful Career

Explore how aligning personal values with professional goals can create fulfilling, impactful careers. This category dives into the importance of meaningful work, how to find purpose in your career, and how companies can foster environments where employees feel connected to a larger mission.

Empowering Tech

Focus on the intersection of technology and humanity, emphasizing that technology should serve to elevate and empower people rather than replace them. Explore how purpose-driven technology is designed to enhance human creativity, collaboration, and potential.

Redefined Innovations

Examine how purpose fuels groundbreaking innovations that go beyond profit to create positive societal impact. This category focuses on entrepreneurs, technologies, and projects driven by a clear mission - whether it's addressing global challenges, promoting sustainability, or enhancing quality of life.

Panel

Companies participating in Panel will be confirmed at a later stage. By selecting a Panel in the application form, companies express their interest. The organizer will invite selected companies based on the defined Panel topics. Only companies that have chosen a Booth, Talk, Fusion or Workshop are eligible. Panel participation is free of charge for selected companies.

Participate in a 45-minute-long Panel with other participants and discuss a hot industry topic in which you can show your company's expertise in the field.

This year we've prepared two topics!

1st - Working on Projects That Matter

Help students recognize opportunities that combine learning with real-world impact. Explore how meaningful challenges can accelerate both professional growth and personal fulfillment, and how working on the right projects can strengthen a sense of purpose over time. Through real examples, the discussion highlights how intention, curiosity, and values can guide career decisions with purpose as its core.

2nd - Turning Data Into Meaningful Insights

When guided by purpose, data science becomes more than a technical discipline. It turns into a tool for understanding human behavior, uncovering social patterns, and responding to real-world needs with intention and care. Purpose-driven data asks not only what can be measured, but what should matter. Explore how data-driven insights can be used responsibly to support more meaningful decision-making.

Job Fair Quest

Join an **interactive game** designed to engage students at the Job Fair! Encourage them to actively participate in activities like Talks, Fusions, Workshops, Panels while engaging directly with company representatives. Students will have to **complete simple tasks** with their progress tracked through the Job Fair website via personal QR codes.

After completing all required activities, students need to **visit companies** at Booths to have their QR codes scanned and enter the draw for company-provided prizes. Companies can require students to complete quick check-ins or mini-activities before scanning QR codes. Rewards can range **from cool gadgets to unique experiences**.

The goal is to create a **win-win experience**: students enjoy an engaging and purposeful Job Fair journey, while companies connect with highly motivated future talents more effectively while creating moments that enhance networking.

EXAMPLE:

- 1) KSET decided to offer free concert tickets as in-game rewards.

- 2) After completing required tasks like visiting two Talks, students need to solve a quick trivia at the KSET Booth.

- 3) When finished, students will get their QR codes scanned. After Job Fair, winners will be selected via random draws and publicly announced.
